FOREWARNER-MINI promotes workplace safety by preventing dangerous pedestrian and vehicle collisions. Easily mounted to a forklift, it projects a bright spot or arrow on the floor’s surface – alerting pedestrians and other vehicles in the area, regardless of ambient noise, to the nearby presence of the vehicle. As the forklift travels, a bright blue or red LED light glides across the floor about 15 feet ahead of or behind it (depending on the mounting location), letting pedestrians know that a forklift is approaching.

**Features**

- Easy-to-install and maintenance-free
- Includes adjustable mounting bracket for precise positioning
- Equipped with 2 high-powered LED lights (6 or 10 watts)
- Installs on any industrial vehicle (forklifts, tow tractors, etc.)
- Designed for indoor and outdoor use

**Problems Solved**

**Forklift Related Accidents:** Alerts pedestrians and other vehicles of forklifts approaching blind corners, cross aisles and exiting semi trailers

**Noisy Environments:** Traditional audio alarms can blend into ambient noise in the building and pedestrians can become immune to the audio warning
FOREWARNER-MINI:

Warn warehouse staff and pedestrians

Create a culture of Safety

Reduce accidents

Specifications/Certifications

Power  BLUE-10 Watts, RED-6 Watts
Power supply voltage  9--60 VDC
Waterproof rating  IP67
BLUE or RED LED 4” floodlight  Focused pencil LED beam
Waterproof Rating  IP67.
LED Beam  Focused pencil LED
Material  Aluminum die-cast housing
LED  2 Focused - CREE 45 Watt(B) + 27 Watt(R)
Size  100mm X 64mm X 75mm (4” X 2.5” X 3”)
Approval  ISO9000, CE, RoHS
Packaging  Individually boxed with foam
Adjustable mounting bracket  150 degrees up/down
Lifetime hours  up to 30,000-50,000 hours
Color temperature  6000 K
Cable Length  3.3 meters [10']
Endurance tested for  High and low temp shock
Overvoltage reliability
High shock reliability
Vibration reliability
Condensation, salt spray reliability
