

FOREWARNER-SIDELINER LED

Pedestrian and Vehicle Safety Warning Light

FOREWARNER-SIDELINER LED promotes workplace safety by preventing dangerous pedestrian and vehicle collisions. Easily mounted to a forklift, it projects a bright LED line on the floor's surface — alerting pedestrians and other vehicles in the area, regardless of ambient noise, to the nearby presence of the vehicle. As the forklift travels, a bright green or Red light glides across the floor about 15 feet on the side, ahead of or behind it (depending on the mounting location), letting pedestrians know that a forklift is approaching.

FEATURES

- Easy-to-install and maintenance-free
- Includes adjustable mounting bracket for precise positioning
- Equipped with 9 high-powered LED lights (6 or 10 watts)
- Installs on any industrial vehicle (forklifts, tow tractors, etc.)
- Designed for indoor and outdoor use
- Available in green or red

PROBLEMS SOLVED

- **Forklift Related Accidents:**
Alerts pedestrians and other vehicles of forklifts approaching blind corners, cross aisles and exiting semi-trailers
- **Noisy Environments:**
Traditional audio alarms can blend into ambient noise in the building and pedestrians can become immune to the audio warning
