

SEETROLLER

Forklift Wireless Camera System

SEETROLLER is a wireless rechargeable camera system for forklifts that provides operators with a variety of views around the lift truck to increase productivity and safety. This essential tool is extremely easy to install and operate. The system can connect to the camera, mounted with a rechargeable battery pack, that can be placed on the carriage to view the fork position when the mast is extended, as well as anywhere else on the vehicle to ensure safety and lift precision. The camera is displayed with a split view on a single weatherproof 7" LCD screen.

Features

- Wireless connectivity (no wires running up/down the forklift mast)
- Provides operators with additional visibility to increase both safety and productivity
- Provides exceptionally clear picture with 7" weatherproof LCD display that connects to vehicle power
- Monitor has switchable view function (up to 4 views on display)
- Night Vision technology to ensure visibility in low light conditions
- Can be mounted anywhere on the forklift
- Quick installation to any make or model forklift

Problems Solved

Operator Safety: Provides operators with additional visibility to increase both safety and productivity

Difficult to See Pallet/Load Operation: Provides operators with a clear view of the load and pallet

Vehicle Damage: Decreases abusive vehicle operation

Lift Truck Fleet Management with Comprehensive Telematics
